

Magnolia Premier Series C4 Concert System: \$9999¹

The Premier Series C4 Concert System is comprised of the essential components that every audio enthusiast will crave for providing exceptional audio to every room of the house. Components include a Control4 Contoller, Amp, Tuner and iPod dock, as well as a Marantz CD Changer. Designed to work with a Control4 whole-home automated system, the C4 Concert Series provides exceptional audio quality and detail allowing you to play your entire music collection throughout the house, including different songs in up to 8 unique audio zones. And with room for future audio components, this system is built to grow as your audio and video needs grow.
